

FANG 20 & 20T™

SIMPLE AND EASY TO USE MEDIUM SCRUBBER DRYER

Reliable, simple and powerful

FANG 20 & 20T

SIMPLE AND EASY TO USE MEDIUM SCRUBBER DRYER

SIMPLE AND EASY TO USE MEDIUM-SIZED WALK-BEHIND SCRUBBER DRYERS

- Easy to use. Forward and reverse drive makes it easy to manoeuvre.
- Simple and user-friendly. Variable pad pressure makes it possible to adjust for your cleaning needs. For more dirty areas just add more pad pressure.
- Great value for money. A big tank capacity and a longer battery run-time makes it possible to clean for a longer time.
- High quality product. Robust/durable and effective especially light to medium dirty environments.

The VIPER medium-sized walk-behind scrubber/dryers are robust, reliable and service-friendly. With the ergonomic design you can easily see the floors around the machine. You can choose between a pad/brush assist drive system (FANG 20) or a variable speed transaxle drive (FANG 20T). This platform has an on-board charger as standard. The VIPER FANG 20 and 20T are medium sized walk-behind scrubber/dryers.

You will find it ideally suitable for cleaning in light to medium dirty environments such as shopping malls, hotels, restaurants, warehouse, supermarket and hospital.
